LETTER OF RECOMMENDATION

EXPERT DOM Property Management is a company with many years of experience in the market. We started our activity in January 2006, and now we manage more than 80 residential communities not only in the area of Wrocław but also in its surroundings. In our day-to-day work, we strive to make customers feel our commitment to communities while maintaining a high culture of service.

We realize that the development of the company is inextricably linked with the positive evaluation of our work by customers. That is why for us successful cooperation with the accounting office is a key element determining its choice. We have been associated with JWW since 2006, that is, from the very beginning, thanks to which we have developed partner relations while receiving solid business support.

The competence and knowledge of JWW employees definitely translate into our positive reviews and recommendations. Long-term presence in the market gives us a sense of financial security and certainty that EXPERT DOM remains under the eye of experts.
