We started cooperation with JWW Accounting Office in October 2011. After preliminary discussions and after arrangements for running a business, we decided to entrust our accountancy to JWW.

The scope of services provided by JWW Accounting Office included, among others:

- Conducting full accounting in accordance with the Accounting Act
- Conducting full accounting in accordance with the IFRS
- Preparing payrolls,
- Preparing tax declarations,
- Preparing ZUS declarations,
- Preparing reports to the Social Insurance Institution and the Central Statistical Office,
- Substantive assistance in intra-Community transactions.
- Preparing quarterly reports to the head office
- Sales module support in the SAP system
- Invoicing

Accounting is conducted in a reliable and lucid manner, in accordance with all standards. Any problems and ambiguities are solved on an ongoing basis, which is very important at the beginning of operations and highly valued by foreign investors.

In addition to the monthly accounting service, the office turned out to be very helpful in invoicing the sale of products offered. We also resolved all doubts related to intra-Community transactions and settlements of the business trips.

Services provided by experienced and qualified HR&Payroll Department are performed without any complaints. Documents for employees are prepared quickly and seamlessly.

Cooperation with JWW Accounting Office stands out by full professionalism, timeliness, individual approach to the client, reliability and high commitment of the entire team. Good organization of work in accounting, diligence, as well as friendly atmosphere makes us definitely recommend JWW as a reliable and trustworthy business partner.
